

What drives Thunderplus 7.4 kW AC Charge

Rating	7.4 kW
No of Output / Connector	1
Output Supply	AC
Output Voltage max	230V - 250 V Max
Input Supply	Single Phase 180-300 Volt , 3 wire system L-N-E
Charging Mode	3
Connector Type	Type 2 Tethered
Maximum Cord length meter	5
Each vehicle Maximum Input Power	7.4 kW
Installation Type	Wall / Stand (Indoor / Outdoor)
App-based monitoring and tracking	GSM / Wifi
Efficiency	Greater than 99%
Input Supply Power Factor Greater	Greater than 0.98
Ingress protection	IP55
Impact Resistance Protection	IK 10
Communication	Ocpp 1.6 J
Compatible to Charge	Car, Mini Truck

Protection
Over Voltage, Under Voltage, Over Current, Over Temperature, Under Temperature, Short Circuit, Residual Current, Earth Fault, Hardware Fault

EASY INSTALLATION. GREAT FEATURES.

Highly economical

Compact and easy installation

Free installation and maintenance

Suits all weather conditions

App-based monitoring and tracking

On-call customer support
